Priority A. Our Parish is blessed with diversity of culture. We seek to foster cooperation, ownership and unity in that diversity.

Goals
1. Continue to promote ways in which the Spanish-speaking community is involved with the English speaking community in parish life such as prayer groups, catechist volunteers, youth groups, liturgical ministries, and church cleaning.

2. Improve interaction between the English and Spanish-speaking communities by joint projects (painting, maintenance, etc.)

3. Encourage participation in Spanish Leadership School, and other Diocesan events.

4. Sponsor a parish mission in Spanish by Lent of 2000 leading to the establishment of small faith communities.

5. Continue working toward the establishment of a pastoral council that reflects the cultural diversity of the parish by the year 2001.
Priority B. Provide a stable infrastructure that meets the needs of our diverse parish.

Goals:
1. Continue to strengthen the leadership role of the parish council as currently structured into English-speaking and Spanish-speaking advisory Committees.

2. Form a Finance-Stewardship Committee by Fall of 1999.

3. Foster the spiritual growth through an English mission and other faith building opportunities during Lent 2001.

4. Address the main concerns made evident by the “With a Heart Renewed” process by cooperating with cluster parishes to support youth ministry.

5. Prepare a parish mission statement which reflects the ethnic diversity of the parish to mark the establishment of the new pastoral council in the year 2001.

6. Continue dialog with neighboring parishes and groups to investigate areas of cooperation.
